Office Work Instruction (OWI)

HOWI1400-S004
02/04/1999

Responsible Office: NASA Headquarters Office of Space Science (OSS) [Code S]

Subject: Tracking HATS Action Items Issued to OSS from External Sources

1. PURPOSE The purpose of this Office Work Instruction (OWI) is to provide general direction in tracking action items issued to the Office of Space Science (OSS) via HATS from external sources.

2. SCOPE AND APPLICABILITY

2.1 The OSS role is to understand our cosmic origins and destiny and how these are linked by the cycles of evolution. OSS objectives also address how NASA can utilize knowledge of the Sun, Earth, and other planetary bodies to improve the quality of life on Earth. Action items issued by sources external to and internal to NASA are received by OSS for subject matters related to the Space Science mission.

2.2 The scope of this OWI is to provide a mechanism that will improve the OSS response time to addressing externally issued action items.

3. DEFINITIONS

3.1 AA. OSS Associate Administrator

3.2 CCA. OSS Correspondence Control Assistant

3.3 CCO. NASA Correspondence Control Office

3.4 Code A. Office of the NASA Administrator

3.5 HATS. Headquarters Action Tracking System

6. PROCEDURE

[NOTE: The following sequence of process steps is numbered in accordance with the number assigned to each corresponding function block in the flowchart in Section 5.]

| <u>STEP #</u> | <u>AGENTS</u> | <u>DESCRIPTION</u> |
|---------------|--|---|
| 1 | CCA | The OSS Correspondence Control Assistant (CCA) (located in the OSS Associate Administrator's (AA's) office) receives the action item and updates or initiates an action log in the NASA Headquarters Action Tracking System (HATS), referencing the originating point of action. Based upon subject matter, the CCA determines: (a) the cognizant OSS Division(s) for responding to the action item; (b) the individual responsible for the subject matter (i.e., the Action Officer); (c) who should sign the response to the action item; and (d) the due date of the action item. HATS produces a cover page that provides all information as indicated above. |
| 2 | CCA, OSS Division Secretary | The action item is sent to the appropriate OSS Division secretary. The OSS Division secretary updates the existing action log in HATS and forwards the action document to the Action Officer. |
| 3 | CCA, OSS Division Secretary | The CCA and the OSS Division secretary track the progress of the action item via prompting HATS. |
| 4 | Action Officer, OSS Division Secretary | The Action Officer provides the completed action item response to the OSS Division secretary. The OSS Division secretary reviews the response for accuracy and format, prepares the final version of it, updates HATS, and obtains appropriate concurrences prior to forwarding the record to the CCA. |
| 5 | CCA | The CCA routes the action item for approval by an OSS |

Division Director or the OSS AA (as appropriate). If signature or written concurrence is required by an OSS Division Director, proceed to Step #6. If signature or written concurrence is required by *only* the OSS AA, proceed to Step #8. If only a *verbal* approval by an OSS Division Director and/or the OSS AA is required, proceed to Step #9.

- | | | |
|----|----------------|--|
| 6 | Action Officer | If the action item response requires signature or written concurrence by an OSS Division Director, a signed copy of the action item response is provided to the CCA for close out. HATS is then updated by the CCA. |
| 7 | CCA | If the action item response also requires signature or written concurrence by the OSS AA, proceed to Step #8. If not, proceed to Step #10. |
| 8 | AA, CCA | If the action item response requires signature or written concurrence by the OSS AA, the action item response is routed to the CCA for review and then is forwarded to the OSS AA (or designee). |
| 9 | CCA | If the action item response also requires signature by the NASA Administrator (Code A), proceed to Step #11. If not, proceed to Step #10. |
| 10 | Action Officer | After the appropriate OSS Division Director and/or OSS AA (or designee) signature, written concurrence, or verbal approval is obtained, the action item response is transmitted to the requester by the Action Officer's office. |
| 11 | CCO | If the action item response requires the signature of the NASA Administrator (Code A), the CCA forwards the action item response to the Administrator's CCO for processing and then updates HATS. The action item is then closed in HATS by the Administrator's CCO. |

7. QUALITY RECORDS
